# Vision & Mission Statement

## Our Vision

To reach and disciple people globally by equipping and mobilizing diaspora communities, local churches, and mission workers for effective cross-cultural ministry.

## Our Mission

To equip and mobilize diaspora communities, local churches, and mission workers globally through dynamic online academic programs, outreach initiatives, youth ministries, and church training. We aim to develop servant leaders who effectively evangelize and disciple across cultures through multi-ethnic, multi-disciplinary learning experiences in both formal and informal settings.

# Program Objective

Building Bridges Non-Formal mission training offers a specialized program designed for churches and mission agencies actively engaged with Diaspora communities. Developed by cross-cultural leaders and experts from the Middle East, the training provides practical, biblical, and insightful approaches for effectively reaching diverse cultures.

## What is unique about the Building Bridges Training?

QUEST Academy customizes training to suit the ministry's specific needs on the ground. Each Building Bridges Training is uniquely designed for each group, country, and context. What makes this training particularly unique is that the majority of the teachers and speakers come from within the local culture and have a Muslim background, ensuring that the content resonates deeply with the participants and aligns with their values and experiences.

Building Bridges can be offered in various formats:

- Intensive Training Weekend (Friday-Sunday)
- 10-Week Hybrid Training (in-person + online)
- Customized Workshop Training for Short-Term Teams, Local Church & Mission Conferences
